

Your Christmas Tree Will Be Up And Straight In 10 Seconds!

We've been told that this stand is a "Marriage Saver"! No need to have one person struggle under the tree while another instructs them as to when the tree is straight. Putting up your tree can be done quickly by just one person.

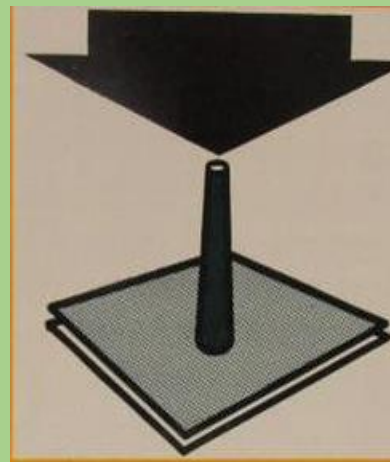

Stand Strait® stands are durable and easy to use. They also have a water tub that is easy to fill and holds lots of water.

When you buy your tree, we will drill a hole in the bottom of the trunk...

that will fit perfectly down over the tapered pin in your tree stand and ...

Voila! Your tree stands straight the first time!
